### This Months News from the Editor.

Our guest speaker's night in October presented by Lee Hammond, was a really fascinating night which delved into the West End of Adelaide during the 19<sup>th</sup> Century, and its little known history of being known as the Capital City of Prostitutes and Brothels in Australia.

Adelaide of this era had a population of just 27,500 people, of which 13,000 were males, and 14,500 females of which 1,000 were known prostitutes. The area bounded by King William Street, North Terrace, West and South Terraces formed the West End, and was the area in which these women operated their businesses, the area now known as Morphett Street and Light Square abounded with their establishments, with 7 operating on one acre of land on the Western side of Morphett Street.

The subject these days being little spoken of, but to all those that attended the Speaker's Night the subject proved to be most enlightening and enthralling there were many questions asked at the end of the talk, and predominantly from the ladies present.

We were pleased to have Martin Lindsall, the Mayor of Playford, as a guest he expressed that he was very impressed by the

talk given, and particularly with the number of members attending.

He was also interested in learning the history of ANDFHG in particular how, when and why our group was established, and from the impression he gave it seems that we may well be graced with his presence in the near future.

This Month will see ANDFHG go into recess for the rest of the year, and will feature our breakup get-together on the 19<sup>th</sup> of November in the form of a Trivia Night. The night is intended to be both a fund raiser night and a breakup party. The night has been organised by Tammy Martin and Helen Stein, and any one familiar with these two ladies will be assured that the evening promises to be a gathering filled with fun and entertainment for all. A much more detailed advice is attached to this newsletter.

Our Quarterly publication of "The Compass" will be distributed on November 30<sup>th</sup>. This edition is a little larger than normal and contains some very interesting articles submitted by several members, and I am sure that you will all enjoy reading them.

This News Sheet will be the last distributed for this year, and I wish all our members a Very Merry Christmas and a Happy New Year ■

## A Report from the Convenor .....Shirley Bulley

Following that we did not have a meeting during October; our Legacy User's Group will have a meeting on November 2 at 7pm. This will be the final meeting for this year, and I hope that all members can come along on this one.

There has been some news from the producers of Legacy recently, concerning a planned update to Legacy 7.0, and all those that subscribe to the Legacy Newsletter from Millennia will be informed of the forthcoming updates, however, if you have not yet read or received the newsletter, let me reiterate here. The next great update to Legacy will be version 7.5. This new system is being released in phases - first for members of the LDS church while it is tested and perfected, and then to the public. Legacy version 7.5 will add new tools to help researchers collaborate, backup, and optionally synchronize their Legacy family files

with the data in the FamilySearch databases. These new tools should encourage better research collaboration and prevent research and ordinance duplication.

### So what will the upgraded Legacy 7.5 cost?

**Nothing!** Legacy 7.5 will be a free update to Legacy 7.0. When it is available, all you will need to do is download and install the update as you usually install Legacy updates. The new FamilySearch integration tools will be available as part of both the Standard (free) and Deluxe editions of Legacy. Legacy7.5 is on track to be released before the end of the year and all users will be advised when and what they should do to receive and start using the new update.■

# SPECIAL ANNOUNCEMENT.

Our recent application to the Salisbury Council Grants Committee, has proven successful, with The City of Salisbury Council Grants Committee notifying Margaret Flaiban, our Secretary, that they have approved a grant of \$750 to the ANDFHG Committee, which is to be applied to purchasing necessary equipment for the benefit of our members.

The \$750 has been earmarked for the sole purpose of purchasing a Data Projector, which will benefit our Family History Program Tutorials, Guest Speaker Nights, and other educational presentations.

The Grant cheque will be presented to Margaret on November 12 during the official Grants Presentation Ceremony evening.

The Committee thanks the Salisbury Council Grants Committee for their very generous donation, and on behalf of all our members we graciously accept this grant. The Committee also expresses and acknowledges this welcomed grant and wish to officially pass on our gratitude to the Salisbury Council. We hope that all members will join us in thanking the Salisbury Council.

It was through the efforts once again of Margaret that we gained this Grant. Margaret is a very conscientious and committed worker for the benefit of ANDFHG, and we thank her for her efforts.

## Family History for Beginners and Beyond.

Published by the Heraldry and Genealogical Society of Canberra Inc. August 2009.
